All vendors are responsible for any required permits related to food sales and for collection of any City Sales Tax if applicable.  
Each vendor sets his/her own prices and is responsible for all aspects of display, weights and measures, sales, cash handling, and packaging.

The Sitka Farmers Market is open to vendors and non-profit groups who wish to sell or provide any of the following: fresh, frozen, or cooked local seafood (permit may be required); local produce (vegetables and fruits); products made in Sitka using local materials (art, crafts, wild-crafts; herbals); other products made in Sitka that fit with the goals of the Farmers Market (please inquire); information that promotes the health and well being of members of the community and/or the environment. Family oriented entertainment is also welcome! If you have just a little extra produce you can donate it to the Sitka Farmers Market table and any proceeds from sales will go to support the costs of running the market.

**If you have questions, PLEASE CONTACT LINDA WILSON – 747-3096 (between 5:00 pm and 9:00 pm is best)**
